

APUG Postcard 20 - "Fender"
Dear FIELD(Salutation):
This was taken at a the commercial fishing
marina near my home in Ladner. I liked the
shape and textures. My wife wanted me to
call it "Drop Earing" - what do you think?

I used old Classic Pan 200, my Mamiya
RB67, 90mm lens and a 645 back.
Developed in HC110 dil "E" (rotary
processed). Printed on Ilford MGIV RC
paper (pearl) developed in Kodak Polymax
developer. I hope you like it - Matt King (aka
MattKing)
