

*Large Format photographers who would like to contribute to the Raid Our Gallery exhibition to benefit cancer research at Middlesex Cancer Center are asked to donate 3 different images generated from 4x5 or larger film.*

*In exchange for your donation, each LF photographer will receive one numbered ticket to be drawn randomly at the ROG event. 150 LF photographs = 150 tickets, 100 tickets are sold to art patrons and supporters and 50 tickets are given to the 50 LF photographers who donate artwork. Tickets are randomly drawn and when your ticket number is called you are able to choose any LF photograph you wish. If you are unable to attend you may view the entire series of LF photographs on our web site and submit a prioritized proxy list.*

*NELFPC will provide a proxy for each submitted list.*
